Hi all,  
Another great edition of 'The Rundown' from Tally Wade, she should be congratulated for all her hard work on this publication, it is such an addition to not only Reining but Western also.  
The reports are so well written and the 'Diary Page' must be one of the best researched anywhere (and for all disciplines). Why not some of the other organisations submit ideas or articles for future issues.....if you want to be seen working together...??  
RM.
