
Calling AOL Users

Posted by admin - 2007/11/20 10:42

Do you have trouble accessing the site as a registered user?
I know initial registrations can fail for AOL customers but do you have ongoing problems? If so please let me know and I will see what I can do to fix them.

This may also apply to hotmail and yahoo customers.

Hi Admin,
I don't have any problems and use aol both in work and at home.

My initial registration failed, but since you registered me manually (thanks!) I haven't had any problems. :)
