
Personal Photo Gallery

Posted by admin - 2006/05/18 10:10

I have Installed a simple 'Personal Photo Gallery' for registered users. When logged in, click your Avatar to go to your profile and you will see the 'My Gallery' tab. You can create a gallery of up to 10 images totalling 1 mega byte.

These images will only be seen by other registered users when they checkout your profile.

Just for fun!!!
