## Babies and Bits

Posted by boova - 2008/02/21 18:37

---

I have just bought the bestest Appaloosa who is coming on 4.  
The person I bought him from has done a really good job and he seems really light in the mouth.....  
.....question.....  
.....being a novice western rider with a youngster what bit should I be using?

Ask me anything on english riding and I am fine, but converting to western is baffling me!
