
HI!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Posted by LizSwitzer - 2008/03/22 00:18

HELLLLLLOOOOOO! OMG I am in SNOW! Fluffy lovely puffy snow...in Wisconsin, for those of you that don't know...:woohoo:

I would say I miss you all terribly, but I don't... well... some of you,I miss LOTS... but I have to say, this is AWESOME!!!!!!!!:woohoo: :woohoo: :woohoo: :woohoo: :woohoo: :woohoo:

My horses are mega chilled out... my dog likes snow, but not her new coat so much... so cute... The food is to die for... steak anyone?:evil:

I have my dreamy fully loaded black/heated leather seats/tinted windows etc Jeep Grand Cherokee, and I LOVE IT... but I don't have to tow with it... so thats probably a good thing... otherwise....:sick: um, what else... oh yeah, automatic cars... HATE THEM. But have to live with it for now... :angry: right on red, is good, 4 way stops, not so good,

Big starry sky is heaven, walking through a snow storm is my fave, real coffee is GOOD and I love the wildlife... this morning a pair of cardinals and a woodpecker in the tree outside my house and LOADS of deer around here, and we'll apparently see bald eagles in the pasture where my horses are i the summer... very, very cool.

I gotta go play homemaker now and cook, so I'm off like a prom dress people, but luv n hugs and talk to you later!

it is good to be HOME!:laugh: :cheer:

Helloooo!! Sounds fabulous. (although I agree with you about automatics - hate them!)

But Liz - I do love reading your posts and thankfully, because of technology, you will still be able to do so. As well as making us all extremely jealous.

Hi again, thanks for replies, nice to know I'll be missed...even though you can't really get rid of me eh?!;)

No time for book writing this morning as I gotta get rug rats to school... they actually love it, hows that for a miracle, and then I have a job interview, if I get it... I come out and go house shopping YAY!!

Soon as I get a house, you can all come visit!:woohoo:

And drink real coffee....:)

I am sooo torn between "beautiful house in good neighborhood" for the kids... and "beautiful house just on outskirts of town" with horses in back yard...

decisions decisions...:evil:

anyway, will stick pics on my gallery later today... thats tonight to you!

Miss you
xx
