
Exbury Appaloosa's - Info wanted

Posted by boova - 2008/03/27 09:16

I recently bought a 3 year old Appy who has become the absolute love of my life.

He was bred at the Exbury Stud who I believe have now moved to France and I cannot find any contact details for them.:unsure:

I am seeking pics or/and info on Woody's sire and dam just out of curiosity and wondered if anyone could help?

Sire : Amazing Moonstruck

Dam: Exbury Fantasy Bay

Colours, heights etc would be hugely welcomed.

Kelley

Hi, we have the stallion Exbury Ghost and I do keep in touch with Joe in France. If you would like to PM me your email address I will pass it onto them. I have a photo of Moonstruck too I can email you.
