
BR's Launch of ...'The Rundown'

Posted by REINMAN - 2007/02/17 18:31

As announced recently, the new BR E-ZINE - 'THE RUNDOWN' is now available to download online from BR website. The content has grown so large that this issue is a little bulky in digital terms to just try to squirt down the line via an email to everybody who signed up. Future issues, (i.e. next issue) will have these software issues resolved to ensure everybody that has signed up to receive it by email will do so.

Please go to BR website and take a look. Don't forget to give Tally some feedback for a fantastic production and a great job done for 'WESTERN'

I must say that Rundown looks very professional. Liked the Bob Kiser article, still reading the rest.

Can PM me as I would like to advertise in the next issue and need an e-mail to get it organised.

This is just the sort of thing reining needs.

Seeing as rundown is a reining article, it would be a nice thing to see something on bloodlines i.e

Nuchex and the sort of traits that are bred onwards or me Hollywood Dunit lines etc, and what effects breeding different lines together.

Congratulations Tally and all involved in 'Rundown'.

Loads of interesting and informative material.

It's great to see more and more information about the sport being presented in such well published formats - 'Rundown' and the new websites of AQHA - UK 'and 'Westernscene' are just what the sport and members need - thanks for all the

hard work to all involved in making them happen.
