Hi ggWhizz,

Nicky is quite right. We at the WHA ( [www.wha-of-gb.org.uk](http://www.wha-of-gb.org.uk) ) love our barrel racing and include it in all our shows. We are even giving a demonstration at the British Show Jumping at the NEC in April.

Please check out the schedule of events on the web site and also look at the link to the Bar S. They also run shows with barrel racing and other games ( speed events ) that you should enjoy and, as a bonus, they are in your area of Kent. Stuart and Leslie live near the Dartford crossing and are easy to find and very welcoming to new faces.

Give them a call or you can call me on 07712655344 and have a chat?

Hi ggWhizz,

..... We are even giving a demonstration at the British Show Jumping at the NEC in April. Cowboy

and that is the ONLY reason my husband asked me to book us all tickets - he would be happyish to watch the jumping on sky, but he was desperate to see the Barrel Racing in the flesh.

Thank you so much for organising it.....between us, I think he may fancy a go himself :o

Hi QQH,

Thanks for the feedback. Why not watch out for the events as they come up and bring the old chap along to a show?

We are very informal and actively encourage people who have never tried an event to "have a go". Day membership is available and having FUN with your horse is compulsory?

You never Know, you may become as addicted as we are?

Addicted.....us.....that is a given ::).....I was the one who innocently said "the last thing I need is a Quarter Horse Colt.....!"

Errrrr :-[ it wasn't quite the last thing I needed, that will be a couple of mares to go with him!!

We will be joining and watching out.....I will put good money on him having a go if he has the chance.
